The **Vancouver Resource Investment Conference (V.R.I.C.)** has been the bellwether of the junior mining market for the last twenty-five years. It is the number one source of information for investment trends and ideas, covering all aspects of the natural resource industry. Each year, the **V.R.I.C.** hosts over 60 keynote speakers, 350 exhibiting companies and 9000 investors. Investment thought leaders and wealth influencers provide our audiences with valuable insights. C-suite company executives covering every corner of the mineral exploration sector as well as metals, oil & gas, renewable energy, media and financial services companies are available to speak one on one. This is a must-attend for investors and stakeholders in the global mining industry.

About Engineer Gold Mines Ltd.

Engineer Gold is focused on the exploration and development of the 100%-owned, 14,020 ha Engineer Gold Mine Property, centered on the Historic high-grade Engineer Gold Mine situated 32 km southwest of Atlin, B.C. Previous work has identified a small, Inferred high-grade gold Mineral Resource, numerous high-grade vein and shear-hosted bulk-tonnage gold exploration targets and a modest, high-grade gold production opportunity. Engineer Gold is fully permitted for surface and underground exploration drilling, small-scale test mining and on-site milling at the Engineer Gold Mine Property.

For additional information please visit the company website at www.engineergoldmines.com.
