### **Engineer Gold Mines Prepares for Year-round Exploration & Development**

September 14, 2020

**Vancouver, BC** – Engineer Gold Mines Ltd. (the “Company”) (TSXV: EAU) announced today that work crews have been onsite at the Engineer Gold Mines property upgrading and refurbishing the Company’s 16 person work camp in preparation for further exploration activities and anticipated bulk sampling operations.

Work crews have been onsite over the past 6 weeks upgrading and reinforcing structures to allow for the Company to accelerate exploration efforts to effectively operate year-round at the Engineer Gold Mines property. Company President Andrew H. Rees commented “The board of directors has been very encouraged by the results of our summer exploration programs that were focused on developing drill targets, sampling and building the Company’s understanding of project wide geology to include property acquisitions completed this year.”

The Company anticipates disclosing its next phase of exploration and development activities as the associated work programs are finalized.

#### ***About Engineer Gold Mines Ltd.***

Engineer Gold is focused on the exploration and development of the 100%-owned, Engineer Gold Mine Property, centered on the Historic high-grade Engineer Gold Mine situated 32 km southwest of Atlin, B.C. Previous work has identified numerous high-grade vein and shear-hosted bulk-tonnage gold exploration targets including Wann River to the southwest, TAG and Happy Sullivan to the northeast of the Engineer Gold Mine.
